

Xiuzi Guo

Product Designer & UI/UX Designer

xiuziguo@gmail.com [linkedin.com/in/xiuzi-guo](https://www.linkedin.com/in/xiuzi-guo) xiuziguo.com

Product Designer focused on creating intuitive web and mobile experiences through UX strategy, design systems, rapid prototyping, and AI-assisted workflows.

SKILLS

Product & UX/UI Design: Figma, Adobe Creative Suite, User flows, Design Systems & Component Libraries, Prototyping, Wireframing, Usability Testing, Design Systems, Motion Design, AI-assisted Ideation

Development: Git, VS Code, React, Next.js, HTML, PostgreSQL, TypeScript, JavaScript, AI Agents, Figma MCP, Rapid Prototyping

EXPERIENCE

Product Designer & UI/UX Designer (Intern)

Richmond, BC

Bravo (Fintech Start-up) 04/2026 - 06/2026

- Redesigned the onboarding experience by identifying user friction points, improving first-time user activation and overall usability.
- Designed responsive high-fidelity prototypes landing pages and marketing flows for Bravo Card, aligning visual storytelling with product positioning and conversion goals.
- Created marketing assets including social media materials aligned with brand guidelines to support campaign launches.
- Conducted competitive analysis and design research to improve overall user experience.
- Integrated AI-assisted workflows (Figma MCP, AI agents) to explore design variations, reducing iteration time.

Product Designer & UI/UX Designer (Project)

Burnaby, BC

Jargon (Educational App) 08/2025 - 12/2025

- Led end-to-end product design for an AI-assisted educational platform supporting immigrant skilled trades workers, from initial concept to high-fidelity prototypes. Led end-to-end product design
- Collaborated with cross-functional teams to align user needs with technical feasibility. Focused on accessibility, usability, and simplified learning flows for non-native English speakers.
- Developed and implemented front-end interfaces using React, TypeScript, and JavaScript, translating UI designs into scalable and production-ready solutions
- Designed print-ready promotional materials to support brand marketing and offline product engagement.

Product Designer & UI/UX Designer (Project)

Burnaby, BC

Linko (Social App) 08/2025 - 12/2025

- Translated research insights into design requirements to bridge social gaps in the live music scene.
- Mapped complex IA and user flows for onboarding, musical matching, and concert channels.
- Established a vibrant visual identity and style guide reflecting the energy of live music.
- Built high-fidelity prototypes to validate "Musical Matching" logic and community safety features

Director & Video & Audio Editor | Motion Graphic Designer

Beijing, China

Caixin Media, Taihe Music Group, Freelance 05/2019 - Present

- Produced and edited branded video content, interviews, documentaries, music videos, and short-form social media content across digital platforms.
- Utilized storytelling, pacing, and audience insights to improve viewer engagement, retention, and overall content performance across multiple platforms.
- Managed end-to-end creative production workflows including editing, sound design, motion graphics, and post-production coordination.
- Collaborated with artists, producers, and creative teams to deliver visually engaging content aligned with brand direction and campaign goals.

EDUCATION

Digital Design & Development British Columbia Institute of Technology

Diploma 09/2024 - 06/2026

Digital Media Arts Tianjin Normal University

Bachelor's 09/2015 - 06/2019
